UNIVERSITY OF WISCONSIN-MADISON

## AFRICAN LANGUAGE VOCABULARY FLASH CARDS CD-ROM

*Structure*

*African Language Vocabulary Flash Cards* cover the vocabulary most essential to every day life. It is composed of six categories: household items, classroom items, kitchen items, animals and birds, clothing, and professions. Each category includes 25-30 words and in total *African Language Vocabulary Flash Cards* provide around 150-175 words. The vocabulary was chosen based on their frequency in the corpus. *African Language Vocabulary Flash Cards CD-ROM* will enable you to experience a unique way of learning the most frequently used vocabulary while at the same time, having fun. Its additional advantage is that it is recorded in three or four languages per CD!

*Why Vocabulary Flash Cards CD-ROM?*

*The African Language Vocabulary Flash Cards Series* is targeted at speakers of English and French who are learning African languages such as Amharic, Bamana, Luyia, Pulaar, Shona, Swahili, Tigrinya, Twi, Wolof, Yoruba, Xhosa and Zulu. Flash cards have been attributed with the ability to speed up vocabulary learning by matching a word with its visual image. In that sense, our newly developed African Language Vocabulary Flash Cards are very useful both in the African language classroom and for individual learning. Moreover, since the African Language Vocabulary Flash Cards CD-ROM is a multimedia material, it provides the learners with audio data as well as visual images. Each word is pronounced by a native speaker so that the student can learn the vocabulary and its pronunciation at the same time.
